

## Our philosophy

---

*At Terrone we believe in sourcing wines that not only reflect our regional Mediterranean dishes, but also marry together to become part of our style. We have chosen wines that can stand on their own as examples of the region's incredible gastronomic diversity with special emphasis on indigenous grape varieties.*

*Essentially our philosophy on food and wine is that "if it grows together, it goes together".*

*We want your meal at Terrone to be a journey where discoveries are made, bringing new experiences for you to enjoy!*

### Did you know?

*Malta has two indigenous grape varieties, one white, one red. These are planted extensively on the Maltese Islands and generally used in blending with international grape varieties.*

*GIRGENTINA – the white variety name probably originated from the village of Girgenti in south west Malta and has a clean, fresh and delicate taste.*

*GELLEWZA – the Maltese name for 'hazelnut' a reference to the shape and small size of the berries, produces a light, red fruit driven red or rose' wine.*

**Gambero Rosso Tre Bicchieri Awards/ Vini di Veronelli 3 Stars – These wines have been judged to be the best wines from their region in Italy in this or a recent vintage**
